(1) The annual compensation limit under Code Section 401(a)(17), as amended by OBRA '93 and EGTRRA, shall not apply to any eligible participant, in any future year, to the extent that the application of the annual compensation limit in Code Section 401(a)(17), as amended by OBRA '93 and EGTRRA, would reduce the amount of annual compensation that is allowed to be taken into account under the fund ~~below the amount that was allowed to be taken into account under the fund~~ as in effect on July 1, 1993. - (1) attains seventy years of age and one-half (70 1/2) [*seventy and one-half (70 1/2) years of age*]; or
- (2) retires (the required beginning date).

(b) If a nonvested member or a retired member who deferred withdrawal of his or her ASA reaches the required beginning date without taking an ASA distribution, they will be subject to a mandatory lump sum distribution of their account less any monies owed for taxes or penalties, or both.

(c) If a vested member has not started receiving his or her monthly pension benefit by the required beginning date, the member's account will be automatically processed utilizing the five (5) year guarantee as described in [IC 5-10.2-4-7\(b\)](#) and annuitizing any available ASA monies.

(2) The member's entire interest must be distributed over the member's life or the lives of the member and a designated beneficiary, or over a period not extending beyond the life expectancy of the member or of the member and a designated beneficiary.

(3) If a member dies after the required distribution of benefits has begun, the remaining portion of the member's interest must be distributed at least as rapidly as under the method of distribution before the member's death.

(4) If a member dies before required distribution of the member's benefits has begun, the member's entire interest must be either:

(A) distributed (in accordance with federal regulations) over the life or life expectancy of the designated beneficiary, with the distributions beginning no later than December 31 of the calendar year following the calendar year of the member's death; or

(B) distributed within five (5) years of the member's death.

(5) The amount of an annuity paid to a member's beneficiary may not exceed the maximum determined under the incidental death benefit requirement of Section 401(a)(9)(G) of the Internal Revenue Code, and the minimum distribution incidental benefit rule under Treasury Regulation Section 1.401(a)(9)-6, Q & A-2.

As a result, the total death or disability benefits payable may not exceed twenty-five percent (25%) of the cost for all of the members' benefits received from the retirement system.

(7) Notwithstanding the other provisions of this rule or the provisions of the Treasury Regulations, benefit options may continue so long as the option satisfies Section 401(a)(9) of the Internal Revenue Code based on a reasonable and good faith interpretation of that section.
